CH
(LEGAL)

1. Competitive bidding for services other than construction services.
2. Competitive sealed proposals for services other than construction services.

Exceptions

Emergency
Damage or
Destruction

If school equipment, a school facility, or a part of a school facility or personal property is destroyed or severely damaged or, as a result of an unforeseen catastrophe or emergency, undergoes major operational or structural failure, and the board determines that the delay posed by the methods provided for in Education Code 44.031 would prevent or substantially impair the conduct of classes or other essential school activities, then contracts for the replacement or repair of the equipment, school facility, or the part of the school facility may be made by methods other than those required by Education Code 44.031. *Education Code 44.031(h)*

Sole Source

Without complying with Education Code 44.031(a) above, a district may purchase an item that is available from only one source, including:

1. An item for which competition is precluded because of the existence of a patent, copyright, secret process, or monopoly.
2. A film, manuscript, or book.
3. A utility service, including electricity, gas, or water.
4. A captive replacement part or component for equipment.

The exceptions above do not apply to mainframe data-processing equipment and peripheral attachments with a single-item purchase price in excess of \$15,000.

Education Code 44.031(j)–(k)

Competitive Bidding

Except to the extent prohibited by other law and to the extent consistent with Education Code Chapter 44, Subchapter B, a district may use competitive bidding to select a vendor as authorized by Education Code 44.031(a)(1).

A district shall award a competitively bid contract at the bid amount to the bidder offering the best value for the district. In determining the best value for the district, the district is not restricted to considering price alone but may consider any other factors stated in the selection criteria. The selection criteria may include the factors listed in Education Code 44.031(b) [see Contract Selection Factors, below].

Except as provided below, Local Government Code Chapter 271, Subchapter B (Competitive Bidding on Certain Public Works Contracts) does not apply to a competitive bidding process under this policy.

Local Government Code Sections 271.026 (Opening of Bids), 271.027(a) (Award of Contract), and 271.0275 (Safety Record of Bidder Considered) apply to a competitive bidding process under Education Code Chapter 44, Subchapter B. [See CVA for these requirements.]

Education Code 44.0351

Competitive Sealed Proposals

In selecting a vendor through competitive sealed proposals as authorized by Education Code 44.031(a)(2), a district shall follow the procedures prescribed below.

Request for Proposals

The district shall prepare a request for competitive sealed proposals that includes information that vendors may require to respond to the request. The district shall state in the request for proposals the selection criteria that will be used in selecting the successful offeror.

Opening Proposals

The district shall receive, publicly open, and read aloud the names of the offerors and, if any are required to be stated, all prices stated in each proposal. Not later than the 45th day after the date on which the proposals are opened, the district shall evaluate and rank each proposal submitted in relation to the published selection criteria.

Selection

The district shall select the offeror that offers the best value for the district based on the published selection criteria and on its ranking evaluation. The district shall first attempt to negotiate a contract with the selected offeror. The district may discuss with the selected offeror options for a scope or time modification and any price change associated with the modification. If the district is unable to

negotiate a satisfactory contract with the selected offeror, the district shall, formally and in writing, end negotiations with that offeror and proceed to the next offeror in the order of the selection ranking until a contract is reached or all proposals are rejected.

In determining the best value for the district, the district is not restricted to considering price alone but may consider any other factors stated in the selection criteria.

Education Code 44.0352

*Interlocal
Contracts*

“Interlocal contract” means a contract or agreement made under Government Code Chapter 791 (Interlocal Cooperation Act). A district may contract or agree with another local government or a federally recognized Indian tribe, as listed by the U.S. secretary of the interior under 25 U.S.C. 479a-1, whose reservation is located within the boundaries of this state to perform governmental functions and services in accordance with Government Code Chapter 791. A district may agree with another local government and with the state or a state agency, including the comptroller, to purchase goods and services. *Gov’t Code 791.003(2), .011(a), .025(a)*

An interlocal contract must:

1. Be authorized by the governing body of each party to the contract;
2. State the purpose, terms, rights, and duties of the contracting parties; and
3. Specify that each party paying for the performance of governmental functions or services must make those payments from current revenues available to the paying party.

An interlocal contractual payment must be in an amount that fairly compensates the performing party for the services or functions performed under the contract. An interlocal contract may be renewed. Notwithstanding item 2 above, an interlocal contract may have a specified term of years.

Gov’t Code 791.011(d)–(f), (i)

A district may agree with another local government, including a nonprofit corporation that is created and operated to provide one or more governmental functions and services, or with the state or a state agency, including the comptroller, to purchase goods and any services reasonably required for the installation, operation, or maintenance of the goods. This provision does not apply to services provided by firefighters, police officers, or emergency medical personnel. *Gov’t Code 791.025(b)*

A district that purchases goods and services under Government Code 791.025 satisfies the requirement to seek competitive bids for the purchase of the goods and services. *Gov't Code 791.025(c); Atty. Gen. Op. JC-37 (1999)*

Reverse Auction

A district that uses the reverse auction procedure must include in the procedure a notice provision and other provisions necessary to produce a method of purchasing that is advantageous to the district and fair to vendors. *Local Gov't Code 271.906(b)*

“Reverse auction procedure” means:

1. A real-time bidding process usually lasting less than one hour and taking place at a previously scheduled time and internet location, in which multiple suppliers, anonymous to each other, submit bids to provide the designated goods or services; or
2. A bidding process usually lasting less than two weeks and taking place during a previously scheduled period and at a previously scheduled internet location, in which multiple suppliers, anonymous to each other, submit bids to provide the designated goods or services.

Gov't Code 2155.062(d)

Site-Based
Purchasing

If a purchase is made at the campus level in a district with a student enrollment of 180,000 or more that has formally adopted a site-based decision-making plan under Education Code Subchapter F, Chapter 11 [see BQ series], that delegates purchasing decisions to the campus level, Education Code 44.031 applies only to the campus and does not require the district to aggregate and jointly award purchasing contracts. A district that adopts site-based purchasing under this provision shall adopt a policy to ensure that campus purchases achieve the best value to the district and are not intended or used to avoid the requirement that a district aggregate purchases under Education Code 44.031(a). *Education Code 44.031(m)*

**Contract Selection
Factors**

Except as provided by Education Code Chapter 44, Subchapter B, in determining to whom to award a contract, the district shall consider:

1. The purchase price.
2. The reputation of the vendor and of the vendor's goods or services.
3. The quality of the vendor's goods or services.

4. The extent to which the goods or services meet the district's needs.
5. The vendor's past relationship with the district.
6. The impact on the ability of the district to comply with laws and rules relating to historically underutilized businesses.
7. The total long-term cost to the district to acquire the vendor's goods or services.
8. For a contract for goods and services, other than goods and services related to telecommunications and information services, building construction and maintenance, or instructional materials, whether the vendor or the vendor's ultimate parent company or majority owner has its principal place of business in this state or employs at least 500 persons in this state.
9. Any other relevant factor specifically listed in the request for bids or proposals.

Education Code 44.031(b)

In awarding a contract by competitive sealed bid under Education Code 44.031, a district that has its central administrative office located in a municipality with a population of less than 250,000 may consider a bidder's principal place of business in the manner provided by Local Government Code 271.9051. This provision does not apply to the purchase of telecommunications services or information services, as those terms are defined by 47 U.S.C. Section 153. *Education Code 44.031(b-1)*

The factors listed above are the only criteria that may be considered by a district in its decision to award a contract. *R.G.V. Vending v. Weslaco Indep. Sch. Dist.*, 995 S.W.2d 897 (Tex. App.—Corpus Christi 1999, no pet.)

Preferences
*Agricultural
Products*

A district that purchases agricultural products shall give preference to those produced, processed, or grown in Texas if the cost to the district is equal and the quality is equal. If agricultural products produced, processed, or grown in Texas are not equal in cost and quality to other products, the district shall give preference to agricultural products produced, processed, or grown in other states of the United States, if the cost and quality of the U.S. and foreign products are equal.

"Agricultural products" includes textiles and other similar products.

"Processed" means canning, freezing, drying, juicing, preserving, or any other act that changes the form of a good from its natural state to another form.

*Recycled

A district shall give preference in purchasing to products made of recycled materials if the products meet applicable specifications as to quantity and quality and the average price of the product is not more than ten percent greater than the price of comparable nonrecycled products. Preferences will be applied in accordance with state procurement statutes and rules. *30 TAC 328.203*

Subchapter K of 30 Administrative Code (Governmental Entity Recycling and Purchasing of Recycled Materials) does not apply to a district with a student enrollment of less than 10,000 students. *30 TAC 328.204(a)*

A district regularly shall review and revise its procurement procedures and specifications for the purchase of goods, supplies, equipment, and materials in order to:

1. Eliminate procedures and specifications that explicitly discriminate against products made of recycled materials;
2. Encourage the use of products made of recycled materials; and
3. Ensure to the maximum extent economically feasible that the district purchases products that may be recycled when they have served their intended use.

In developing new procedures and specifications, the district shall encourage the use of recycled products and products that may be recycled or reused.

This provision

does not apply to the purchase of telecommunications services or information services, as those terms are defined by 47 U.S.C. 153. *Education Code 44.031(b-1)*

Notice Publication

Notice of the time by when and place where the bids or proposals, or the responses to a request for qualifications, will be received and opened shall be published in the county in which the district's central administrative office is located, once a week for at least two weeks before the deadline for receiving bids, proposals, or responses to a request for qualifications. If there is not a newspaper in that county, the advertising shall be published in a newspaper in the county nearest the county seat of the county in which a district's central administrative office is located. In a two-step procurement process, the time and place where the second-step bids, proposals, or responses will be received are not required to be published separately. *Education Code 44.031(g)*

Electronic Bids or Proposals

A district may receive bids or proposals under Education Code Chapter 44 through electronic transmission if the board adopts rules to ensure the identification, security, and confidentiality of electronic bids or proposals and to ensure that the electronic bids or proposals remain effectively unopened until the proper time.

Notwithstanding any other provision of Education Code Chapter 44, an electronic bid or proposal is not required to be sealed. A provision of Education Code Chapter 44 that applies to a sealed bid or proposal applies to a bid or proposal received through electronic transmission in accordance with the rules adopted by the board.

Education Code 44.0313

Right to Work

While a district is engaged in procuring goods and services or awarding a contract, or overseeing procurement or construction for a public work or public improvement, a district:

1. May not consider whether a vendor is a member of or has another relationship with any organization; and
2. Shall ensure that its bid specifications and any subsequent contract or other agreement do not deny or diminish the right of a person to work because of the person's membership or other relationship status with respect to any organization.

Education Code 44.043

Contract with Person Indebted to District

The board by resolution may establish regulations permitting the district to refuse to enter into a contract or other transaction with a person indebted to the district. It is not a violation of Education Code Chapter 44, Subchapter B (Purchases; Contracts) for a district, under regulations adopted under this provision, to refuse to

award a contract to or enter into a transaction with an apparent low bidder or successful proposer that is indebted to the district.

“Person” includes an individual, sole proprietorship, corporation, nonprofit corporation, partnership, joint venture, limited liability company, and any other entity that proposes or otherwise seeks to enter into a contract or other transaction with the district requiring approval by the board.

Education Code 44.044

Out-of-State Bidders

A district may not award a governmental contract to a nonresident bidder unless the nonresident underbids the lowest bid submitted by a responsible resident bidder by an amount that is not less than the greater of the amount by which a resident bidder would be required to underbid the nonresident bidder to obtain a comparable contract in the state in which the nonresident’s principal place of business is located, or the state in which a majority of the manufacturing relating to the contract will be performed. *Gov’t Code 2252.002*

This requirement does not apply to a contract involving federal funds. A district shall use the information published by the comptroller under Government Code 2252.003 (Publication of Other State’s Laws on Contracts) to evaluate the bid of a nonresident bidder. A district may rely on information published under Government Code 2252.003 to meet the requirements of Government Code 2252.002. *Gov’t Code 2252.003–.004*

The statement of the purpose of the meeting must be in bold type. In reduced type, the notice must state: "The tax rate that is ultimately adopted at this meeting or at a separate meeting at a later date may not exceed the proposed rate shown below unless the

(2) contain a section entitled "Comparison of Proposed Budget with Last Year's Budget," which must show the difference, expressed as a percent increase or decrease, as applicable, in the amounts budgeted for the preceding fiscal year and the amount budgeted for the fiscal year that begins in the current tax year for each of the following:

- (i) the school district's "Last Year's Rate";
- (ii) the "Rate to Maintain Same Level of

Maintenance & Operations Revenue & Pay Debt Service," which:

Chapter 42 per student in average daily attendance for the applicable school year that was available to the district in the preceding school year; and

(b) in the case of "Interest & Sinking Fund," is the tax rate that, when applied to the current taxable value for the district, as certified by the chief appraiser under Section 26.01, Tax Code, and as adjusted to reflect changes made by the chief appraiser as of the time the notice is prepared, and when multiplied by the district's anticipated collection rate, would impose taxes in an amount that, when added to state funds to be distributed to the district under Chapter 46 and any excess taxes collected to service the district's debt during the preceding tax year but not used for that purpose during that year, would provide the amount required to service the district's debt; and

(iii) the "Proposed Rate";

(B) contain fourth and fifth columns aligned with the columns required by Paragraph (A) that show, for each row required by Paragraph (A):

(i) the "Local Revenue per Student," which is computed by multiplying the district's total taxable value of property, as certified by the chief appraiser for the applicable school year under Section 26.01, Tax Code, and as adjusted to reflect changes made by the chief appraiser as of the time the notice is prepared, by the total tax rate, and dividing the product by the number of students in average daily attendance in the district for the applicable school year; and

(ii) the "State Revenue per Student," which is computed by determining the amount of state aid received or to be received by the district under Chapters 42, 43, and 46 and dividing that amount by the number of students in average daily attendance in the district for the applicable school year; and

(C) contain an asterisk after each calculation for "Interest & Sinking Fund" and a footnote to the section that, in reduced type, states "The Interest & Sinking Fund tax revenue is used to pay for bonded indebtedness on construction, equipment, or both. The bonds, and the tax rate necessary to pay those bonds, were approved by the voters of this district.";

(6) contain a section entitled "Comparison of Proposed Levy with Last Year's Levy on Average Residence," which must:

(A) show in rows the information described by Subparagraphs (i)-(iv), rounded to the nearest dollar, for columns entitled "Last Year" and "This Year":

(i) "Average Market Value of Residences," determined using the same group of residences for each year;

(ii) "Average Taxable Value of Residences," determined after taking into account the limitation on the appraised value of residences under Section 23.23, Tax Code, and after subtracting all homestead exemptions applicable in each year, other than exemptions available only to disabled persons or persons 65 years of age or older or their surviving spouses, and using the same group of residences for each year;

(iii) "Last Year's Rate Versus Proposed Rate per \$100 Value"; and

(iv) "Taxes Due on Average Residence," determined using the same group of residences for each year; and

(B) contain the following information: "Increase (Decrease) in Taxes" expressed in dollars and cents, which is computed by subtracting the "Taxes Due on Average Residence" for the preceding tax year from the "Taxes Due on Average Residence" for the current tax year;

(7) contain the following statement in bold print: "Under state law, the dollar amount of school taxes imposed on the residence of a person 65 years of age or older or of the surviving spouse of such a person, if the surviving spouse was 55 years of age or older when the person died, may not be increased above the amount paid in the first year after the person turned 65, regardless of changes in tax rate or property value.";

(8) contain the following statement in bold print: "Notice of Rollback Rate: The highest tax rate the district can adopt before requiring voter approval at an election is (the school district rollback rate determined under Section 26.08, Tax Code). This election will be automatically held if the district adopts a rate in excess of the rollback rate of (the school district rollback rate)."; and

(9) contain a section entitled "Fund Balances," which must include the estimated amount of interest and sinking fund balances and the estimated amount of maintenance and operation or general fund balances remaining at the end of the current fiscal year that are not encumbered with or by corresponding debt obligation, less estimated funds necessary for the operation of the district before the receipt of the first payment under Chapter 42 in the succeeding school year.

(c-1) The notice described by Subsection (c) must state in a distinct row or on a separate or individual line for each of the following taxes:

(1) the proposed rate of the school district's maintenance tax described by Section 45.003, under the heading "Maintenance Tax"; and

(2) if the school district has issued ad valorem tax bonds under Section 45.001, the proposed rate of the tax to pay for the bonds, under the heading "School Debt Service Tax Approved by Local Voters."

(d) The comptroller shall prescribe the language and format to be used in the part of the notice required by Subsection (c). A notice under Subsection (c) is not valid if it does not substantially conform to the language and format prescribed by the comptroller under this subsection.

(e) A person who owns taxable property in a school district is entitled to an injunction restraining the collection of taxes by the district if the district has not complied with the requirements of Subsections (b), (c), and (d), and, if applicable, Subsection (i), and the failure to comply was not in good faith. An action to enjoin the collection of taxes must be filed before the date the school district delivers substantially all of its tax bills.

(f) The board of trustees, at the meeting called for that purpose, shall adopt a budget to cover all expenditures for the school district for the next succeeding fiscal year. Any taxpayer of the district may be present and participate in the meeting.

(g) The budget must be adopted before the adoption of the tax rate for the tax year in which the fiscal year covered by the budget begins.

(g-1) If the rate calculated under Subsection (c)(5)(A)(ii)(b) decreases after the publication of the notice required by this

section, the president is not required to publish another notice or call another meeting to discuss and adopt the budget and the proposed lower tax rate.

(h) Notwithstanding any other provision of this section, a school district with a fiscal year beginning July 1 may use the certified estimate of the taxable value of district property required by Section 26.01(e), Tax Code, in preparing the notice required by this section if the district does not receive on or before June 7 the certified appraisal roll for the district required by Section 26.01 (a), Tax Code.

(i) A school district that uses a certified estimate, as authorized by Subsection (h), may adopt a budget at the public meeting designated in the notice prepared using the estimate, but the district may not adopt a tax rate before the district receives the certified appraisal roll for the district required by Section 26.01 (a), Tax Code. After receipt of the certified appraisal roll, the district must publish a revised notice and hold another public meeting before the district may adopt a tax rate that exceeds:

(1) the rate proposed in the notice prepared using the estimate; or

(2) the district's rollback rate determined under Section 26.08, Tax Code, using the certified appraisal roll.

(j) Notwithstanding Subsections (g), (h), and (i), a school district may adopt a budget after the district adopts a tax rate for the tax year in which the fiscal year covered by the budget begins if the district elects to adopt a tax rate before receiving the certified appraisal roll for the district as provided by Section 26.05(g), Tax Code. If a school district elects to adopt a tax rate before adopting a budget, the district must publish notice and hold a meeting for the purpose of discussing the proposed tax rate as provided by this section. Following adoption of the tax rate, the district must publish notice and hold another public meeting before the district may adopt a budget. The comptroller shall prescribe the language and format to be used in the notices. The school district may use the certified estimate of taxable value in preparing a notice under this subsection.

(f) This section does not apply to a contract for professional services rendered, including services of an architect, attorney, certified public accountant, engineer, or fiscal agent. A school district may, at its option, contract for professional services rendered by a financial consultant or a technology consultant in the manner provided by Section 2254.003, Government Code, in lieu of the methods provided by this section.

(g) Notice of the time by when and place where the bids or proposals, or the responses to a request for qualifications, will be received and opened shall be published in the county in which the district's central administrative office is located, once a week for at least two weeks before the deadline for receiving bids, proposals, or responses to a request for qualifications. If there is not a newspaper in that county, the advertising shall be published in a newspaper in the county nearest the county seat of the county in which the district's central administrative office is located. In a two-step procurement process, the time and place where the second-step bids, proposals, or responses will be received are not required to be published separately.

Text of subsec. (h) as amended by Acts 1999, 76th Leg., ch. 922, Sec.

1

(h) If school equipment, a school facility, or a portion of a school facility is destroyed, severely damaged, or experiences a major unforeseen operational or structural failure, and the board of trustees determines that the delay posed by the contract methods

required by this section would prevent or substantially impair the conduct of classes or other essential school activities, then contracts for the replacement or repair of the equipment, school facility, or portion of the school facility may be made by a method other than the methods required by this section.

Text of subsec. (h) as amended by Acts 1999, 76th Leg., ch. 1225,
Sec. 1

(h) If school equipment or a part of a school facility or personal property is destroyed or severely damaged or, as a result of an unforeseen catastrophe or emergency, undergoes major operational or structural failure, and the board of trustees determines that the delay posed by the methods provided for in this section would prevent or substantially impair the conduct of classes or other essential school activities, then contracts for the replacement or repair of the equipment or the part of the school facility may be made by methods other than those required by this section.

(i) A school district may acquire computers and computer-related equipment, including computer software, through the Department of Information Resources under contracts entered into in accordance with Chapter 2054 or 2157, Government Code. Before issuing an invitation for bids, the department shall consult with the agency concerning the computer and computer-related equipment needs of school districts. To the extent possible the resulting contract shall provide for such needs.

(j) Without complying with Subsection (a), a school district may purchase an item that is available from only one source, including:

- (1) an item for which competition is precluded because of the existence of a patent, copyright, secret process, or monopoly;
- (2) a film, manuscript, or book;
- (3) a utility service, including electricity, gas, or water; and
- (4) a captive replacement part or component for equipment.

(k) The exceptions provided by Subsection (j) do not apply to mainframe data-processing equipment and peripheral attachments with a single-item purchase price in excess of \$15,000.

(l) Each contract proposed to be made by a school district for the purchase or lease of one or more school buses, including a lease with an option to purchase, must be submitted to competitive bidding when the contract is valued at \$20,000 or more.

(m) If a purchase is made at the campus level in a school district with a student enrollment of 180,000 or more that has formally adopted a site-based decision-making plan under Subchapter F, Chapter 11, that delegates purchasing decisions to the campus level, this section applies only to the campus and does not require the district to aggregate and jointly award purchasing contracts. A district that adopts site-based purchasing under this subsection shall adopt a policy to ensure that campus purchases achieve the best value to the district and are not intended or used to avoid the requirement that a district aggregate purchases under Subsection (a).

(a) The board of trustees of the district may, as appropriate, delegate its authority under this subchapter regarding an action authorized or required by this subchapter to be taken by a school district to a designated person, representative, or committee. In procuring construction services, the district shall provide notice of the delegation and the limits of the delegation in the request for bids, proposals, or qualifications or in an addendum to the request. If the district fails to provide that notice, a ranking, selection, or evaluation of bids, proposals, or qualifications for construction services other than by the board of trustees in an open public meeting is advisory only.

(b) The board may not delegate the authority to act regarding an action authorized or required by this subchapter to be taken by the board of trustees of a school district.

(c) Notwithstanding any other provision of this code, in the event of a catastrophe, emergency, or natural disaster affecting a

(e) The final conviction of a person other than a trustee of a school district for an offense under Subsection (b) or (c) results in the immediate removal from office or employment of that person. A trustee who is convicted of an offense under this section is considered to have committed official misconduct for purposes of Chapter 87, Local Government Code, and is subject to removal as provided by that chapter and Section 24, Article V, Texas Constitution. (c) A school district shall award a competitively bid contract at the bid amount to the bidder offering the best value for the district. In determining the best value for the district, the district is not restricted to considering price alone but may consider any other factors stated in the selection criteria. The selection criteria may include the factors listed in Section [44.031](#) (b).

The district may discuss with the selected offeror options for a scope or time modification and any price change associated with the modification. If the district is unable to negotiate a satisfactory contract with the selected offeror, the district shall, formally and in writing, end negotiations with that offeror and proceed to the next offeror in the order of the selection ranking until a contract is reached or all proposals are rejected.

(e) In determining the best value for the district, the district is not restricted to considering price alone but may consider any other factors stated in the selection criteria.

(b) The total contract price may not be increased because of the changes unless additional money for increased costs is approved for that purpose from available money or is provided for by the authorization of the issuance of time warrants.

(c) The district may grant general authority to an administrative official to approve the change orders.

(d) A contract with an original contract price of \$1 million or more may not be increased under this section by more than 25 percent. SUBCHAPTER Z. MISCELLANEOUS PROVISIONS

Sec. 44.901. ENERGY SAVINGS PERFORMANCE CONTRACTS. (a) In this section, "energy savings performance contract" means a contract for energy or water conservation measures to reduce energy or water consumption or operating costs of new or existing school facilities in which the estimated savings in utility costs resulting from the measures is guaranteed to offset the cost of the measures over a specified period. The term includes a contract for the installation or implementation of:

(1) insulation of a building structure and systems within the building;

(2) storm windows or doors, caulking or weatherstripping, multiglazed windows or doors, heat absorbing or heat reflective glazed and coated window or door systems, or other window or door system modifications that reduce energy consumption;

(3) automatic energy control systems, including computer software and technical data licenses;

(4) heating, ventilating, or air-conditioning system modifications or replacements that reduce energy or water consumption;

(5) lighting fixtures that increase energy efficiency;

(6) energy recovery systems;

(7) electric systems improvements;

(8) water-conserving fixtures, appliances, and equipment or the substitution of non-water-using fixtures, appliances, and equipment;

(9) water-conserving landscape irrigation equipment;

(10) landscaping measures that reduce watering demands and capture and hold applied water and rainfall, including:

(A) landscape contouring, including the use of berms, swales, and terraces; and

(B) the use of soil amendments that increase the water-holding capacity of the soil, including compost;

(11) rainwater harvesting equipment and equipment to make use of water collected as part of a storm-water system installed for water quality control;

(12) equipment for recycling or reuse of water originating on the premises or from other sources, including treated municipal effluent;

(13) equipment needed to capture water from nonconventional, alternate sources, including air conditioning condensate or graywater, for nonpotable uses;

(14) metering equipment needed to segregate water use in order to identify water conservation opportunities or verify water savings; or

(15) other energy or water conservation-related improvements or equipment, including improvements or equipment relating to renewable energy or nonconventional water sources or water reuse.

(b) Repealed by Acts 2009, 81st Leg., R.S., Ch. 1347, Sec. 5, eff. June 19, 2009.

(c) Each energy or water conservation measure must comply with current local, state, and federal construction, plumbing, and environmental codes and regulations. Notwithstanding Subsection (a), an energy savings performance contract may not include improvements or equipment that allow or cause water from any condensing, cooling, or industrial process or any system of nonpotable usage over which the public water supply system officials do not have sanitary control, to be returned to the potable water supply.

(d) The board may enter into energy savings performance contracts only with persons who are experienced in the design, implementation, and installation of the energy or water conservation measures addressed by the contract.

(e) Before entering into an energy savings performance contract, the board shall require the provider of the energy or water conservation measures to file with the board a payment and performance bond relating to the installation of the measures in accordance with Chapter 2253, Government Code. The board may also require a separate bond to cover the value of the guaranteed savings on the contract.

(f) An energy savings performance contract may be financed:

(1) under a lease/purchase contract that has a term not to exceed 20 years from the final date of installation and that meets federal tax requirements for tax-free municipal leasing or long-term financing;

(2) with the proceeds of bonds; or

(3) under a contract with the provider of the energy or water conservation measures that has a term not to exceed the lesser of 20 years from the final date of installation or the average useful life of the energy or water conservation or usage measures.

(f-1) Notwithstanding other law, the board may use any available money, other than money borrowed from this state, to pay the provider of the energy or water conservation measures under this section, and the board is not required to pay for such costs solely out of the savings realized by the school district under an energy savings performance contract. The board may contract with the provider to perform work that is related to, connected with, or

otherwise ancillary to the measures identified in the scope of an energy savings performance contract.

(g) An energy savings performance contract shall contain provisions requiring the provider of the energy or water conservation measures to guarantee the amount of the savings to be realized by the school district under the contract. If the term of an energy savings performance contract exceeds one year, the school district's contractual obligations in any one year during the term of the contract beginning after the final date of installation may not exceed the total energy, water, wastewater, and operating cost savings, including electrical, gas, water, wastewater, or other utility cost savings and operating cost savings resulting from the measures, as determined by the school district in this subsection, divided by the number of years in the contract term.

(h) An energy savings performance contract shall be let according to the procedures established for procuring certain professional services by Section 2254.004, Government Code. Notice of the request for qualifications shall be published in the manner provided for competitive bidding.

(i) Before entering into an energy savings performance contract, the board must require that the cost savings projected by an offeror be reviewed by a licensed professional engineer who has a minimum of three years of experience in energy calculation and review, is not an officer or employee of an offeror for the contract under review, and is not otherwise associated with the contract. In conducting the review, the engineer shall focus primarily on the proposed improvements from an engineering perspective, the methodology and calculations related to cost savings, increases in revenue, and, if applicable, efficiency or accuracy of metering equipment. An engineer who reviews a contract shall maintain the confidentiality of any proprietary information the engineer acquires while reviewing the contract. Sections 1001.053 and 1001.407, Occupations Code, apply to work performed under the contract.

(j) Chapter 2269, Government Code, does not apply to this section.

(c) In determining under Subsection (b) whether a strategy may result in financial cost to the district, the board of trustees shall consider the total net costs and savings that may occur over the seven-year period following implementation of the strategy.

(d) The board of trustees may submit the plan required under Subsection (a) to the State Energy Conservation Office for the purposes of determining whether funds available through loan programs administered by the office or tax incentives administered by the state or federal government are available to the district.
