

“Make Your Mark”
at the
Texas City ISD
Industrial Trade Center
PAVER PROGRAM

Opened in March 2017, the new Industrial Trades Center offers the opportunity for students to learn skilled craft training that will provide meaningful careers for their futures and fill the shortage of jobs needed in the manufacturing, petroleum, and maritime industries.

Community partners are joining Texas City ISD to provide the very best state-of-the-art equipment for training our students. The paver program offers all community members the opportunity to “make your mark.” Purchasing a commemorative brick paver is a great way to permanently honor your business, family member, teacher, student or friend that will last for years to come.

There are three paver sizes available to choose from to make your mark with the option to add a design or logo on the 6”x12” and 12”x12” pavers.

Texas City ISD Engraved Paver Project

Purchase a brick paver and inscribe it with your name, unique message and/or date. Engraved brick pavers make excellent gifts, too.

Order form info:

I would like to purchase a:

6X6
PAVER

\$100

6X12
PAVER

\$250

12X12
PAVER

\$500
